iddeate

iddeate

we ask. you choose. lives change.

About iddeate

iddeate is a nonprofit that connects adults with intellectual and developmental disabilities (IDD) to funding for services and resources that will have a meaningful impact in their lives.

Our mission is to enable independence, personal development, and job attainment.

Coaching & Training

We connect individuals to social skills training and peer groups, financial coaching, life skills, communication, and other coaching supports.

Workplace Readiness

We offer access to upskilling, interview coaching, resume guidance, certifications, continuing education, and workplace accommodations.

How it works

- ▶ Adults with IDD can request a resource they need that will impact their lives.
- ▶ Donors can support the request with a donation as little as \$5, tax-deductible.
- ▶ iddeate purchases the resource and delivers it directly to the iddeator.
- ▶ We send thank you kits and a cost report to recognize each donor's support.

Transportation

We provide increased community access through both public and private transportation supports.
